The GOYA® Reduced Sodium Range is a line of specific products to offer our customers tasty alternatives with lower sodium content, while maintaining our same quality as always.

GOYA® Reduced Sodium Olives and Capers offer a tasty alternative to consumers who are concerned about the amount of sodium they ingest through food. **The sodium content of the range is 25% lower than that of the original products.**

One of our main aims in developing the products in this range has been to offer our consumers tasty alternatives, despite the reduction in the amount of sodium which, as we know, is a natural flavor enhancer. And we have succeeded!

The South of Spain. Origin of excellency

Goya olives are grown where the best olive groves in the world are found: **the South of Spain.**

A place where quality and tradition are not in question. Where the climate is the best ally to obtain a unique olive. Where the passion to surprise the world is inside every person who lives and works within the world of olives. We're going for a walk, are you coming?

The most awarded flavor

Goya Olives have been awarded Chefsbest seal continuously since 2007, and from 2014 to the present with the "Excellence" category in recognition of their great flavor and superior quality.

Creating excellence

There is only one path to attain true excellence. To achieve it, at Goya España we seek the very best raw materials and meticulously oversee every last detail of the production process to obtain top quality and an incomparable flavor of which we feel extremely proud.

The outcome of this hard work and dedication to offer families round the world the best of the best is GOYA® Olives and Capers, recognized with more than 100 international awards.
